

medical assessment, management evaluation, and security review.

(c) DOE shall make its decision as to a PSAP access authorization in accordance with the criteria in subpart A, § 710.8 of this part.

**§ 710.57 Supervisory review.**

(a) The supervisory review shall be performed on all applicants tentatively selected for PSAP positions, transferees to PSAP positions, individuals occupying PSAP positions but not yet holding a PSAP access authorization, and PSAP-cleared employees.

(b) The initial SF-86, OMB Control No. 3206.007, "Questionnaire for Sensitive Positions" of an applicant tentatively selected for a PSAP position and an annual update of the "Questionnaire for Sensitive Positions," Part II, of each incumbent in a PSAP position shall be completed and forwarded to the appropriate PSAP Approving Official.

(c) Before being selected for a PSAP position, any tentatively selected applicant must undergo a pre-employment suitability determination as defined by 48 CFR 970.2201. For DOE employees, this pre-employment check must comply with the requirements established by the Office of Personnel Management in part 731 of title 5, Code of Federal Regulations. For contractor employees, this pre-employment check must comply with the requirements established by the DOE in section 970.2201(b)(1)(ii) of title 48.

(d) Each applicant tentatively selected for a PSAP position and each individual occupying a PSAP position but not a yet holding a PSAP access authorization shall execute the appropriate PSAP releases, acknowledgements, and waivers. The request for a PSAP access authorization shall not be further processed until these documents are completed. Failure of an individual, occupying a PSAP position but not yet holding a PSAP access authorization, to complete these documents may prevent DOE from reaching an affirmative finding required for granting or continuing PSAP access authorization. An effort shall be made to reassign that individual to a position not requiring a PSAP access authorization. For purposes of this sec-

tion and all sections of this rule that relate to reassignment from PSAP duties, any Federal employee will be immediately removed from PSAP duties. The affected employee's supervisor may reassign the employee or realign the employee's current duties. If these actions are not feasible, the supervisor must contact the appropriate servicing personnel office for guidance.

(e) Applicants tentatively selected for PSAP positions and each individual occupying a PSAP position, but not yet holding a PSAP access authorization, shall undergo testing for the use of illegal drugs in accordance with the provisions of the DOE policies implementing Executive Order 12564, or part 707 of this chapter, which establish workplace substance abuse programs for DOE and contractor employees respectively. A determination of the use of illegal drugs, based on a drug test, shall result in termination of consideration for the PSAP access authorization. An employee who has been determined to have used illegal drugs, based on a drug test, shall be immediately reassigned from the PSAP duties and processed under the provisions of subpart A of this part.

(f) Applicants tentatively selected for PSAP positions and each individual occupying a PSAP position, but not yet holding a PSAP access authorization, must submit to a polygraph examination under 10 CFR part 709.

(g) The supervisor (or selecting official) shall report any security concerns, resulting from his or her review, to the appropriate management official.

(h) Annual review. Each PSAP-cleared employee shall have an annual PSAP review conducted by the supervisor during which the supervisor shall evaluate information relevant to security. The supervisor shall report any security concerns, resulting from his or her review, to the appropriate management official.

(i) Recognition of security concerns and unusual Conduct. In order to facilitate early recognition of an individual who represents a possible security concern, individuals who, in the judgment of the responsible supervisor, exhibit unusual conduct shall be referred to the site Occupational Medical Director,

(j) Temporary reassignment to non-PSAP duties. Where an individual has demonstrated a possible security concern or a condition which may temporarily affect his or her reliability, the individual, with the recommendation of the site Occupational Medical Director or the PSAP Approving Official, may be temporarily reassigned to non-PSAP duties. In the event that a PSAP-cleared employee is temporarily reassigned to non-PSAP duties, the supervisor, jointly with the site Occupational Medical Director and/or the PSAP Approving Official, as appropriate, may determine the temporary restrictions to be placed on the employee. The PSAP Approving Official shall be notified immediately upon the decision to temporarily reassign the employee to non-PSAP duties and the reason for such action, and upon the decision to reinstate such employee. If the reason for the temporary reassignment was based upon a security concern, the PSAP Approving Official must approve the request for reinstatement.

EFFECTIVE DATE NOTE: At 64 FR 70980, Dec. 17, 1999, § 710.57 was amended by redesignating paragraphs (f) through (i) as paragraphs (g) through (j) and adding a new paragraph (f), effective Jan. 18, 2000.

### § 710.58 Medical assessment.

(a) *The medical examination.* The purpose of the PSAP medical examination is to ensure that an applicant tentatively selected for, or incumbent in, a PSAP position does not represent a security concern or have a condition which may prevent the individual from performing PSAP duties in a reliable and safe manner. The examination shall include an evaluation to determine the presence of any physical or mental condition that causes or may cause a significant defect in the judgment or reliability of the individual, including that which may result from

the use of illegal drugs or the use of alcohol habitually to excess.

(b) *When performed.* The medical assessment is performed initially upon applicants tentatively selected for PSAP positions and employees occupying PSAP positions who have not yet received a PSAP access authorization. The medical assessment shall be performed annually, or more often as may be required by the site Occupational Medical Director, for PSAP-cleared employees.

(c) *Contents of medical assessment.* The medical assessment shall include: A comprehensive medical examination; an examination for use of alcohol habitually to excess; a psychological assessment and/or psychiatric evaluation as provided for in any applicable DOE medical standards, and as permitted by Federal regulations; and an examination for the cause of any reported unusual conduct.

(1) *Diagnosis.* Employees in, or applicants tentatively selected for, a PSAP position shall be evaluated for the use of alcohol habitually to excess. Those employees diagnosed currently to use alcohol habitually to excess shall be temporarily reassigned to non-PSAP duties and the PSAP Approving Official shall be notified immediately.

(2) *Rehabilitation.* Individuals reinstated to PSAP duties following treatment leading to rehabilitation from the use of alcohol habitually to excess shall be required to undergo evaluation as prescribed by the site Occupational Medical Director to ensure continued rehabilitation. Such evaluation shall be consistent with appropriate Departmental substance abuse programs.

(e) *Examination for the cause of reported unusual conduct.* Upon referral of a PSAP-cleared employee by a supervisor for observed unusual conduct, the site Occupational Medical Director may arrange for the employee to be examined by appropriate specialists.

(f) *Report of occupational Medical Director.* Upon completion of the medical
